## As Per Discussion We are going to provide you a complete CRM for NMCG : NMCG Media Cell:

## We are defining our features and this project into 2 plans: our main focus to track the product , audience /uses and services in some seconds with any kind of data/attribute

**1st Plan & Feature's:**

- This application will be handled by admin side and its users side, admin can upload his videos with some additional attributes like Location, Area, Video Shoot Date , Video Uploading Date , Guest Details , Expenses details for particular programme, Image /Document Details , Image/Document/Video Geo Location and other details will be fetched
- Admin can track user details details using filter option with user name, dob, phone number , email id , address or other tracking attributes
- Admin can track track Videos easily with their attributes like ocation, Area, Video Soot Date , Video Uploading Date , Guest Details , Expenses details for particular programme, Image /Document Details , Image/Document/Video Geo Location
- Admin can create n numbers of users
- Users can create n number of folder according to suitable video
- Users can share uploaded video sharable link to public and private mode with limitation of download and view
- Users can share download link to their email with limitation of can download and can view
- Dark mode and light mode theme will be available \
